POLITICAL, SOCIAL, & STRUCTURAL FORCES DRIVING THE HIV EPIDEMIC

A Call to Action

Historically and currently, the HIV/AIDS landscape has been borne out of politics, culture, and systems of inequity. Certain populations continue to carry the disproportionate brunt of HIV infection and its consequences. Come see how global leaders in HIV research redress identify key steps to finding a way forward to end the HIV/AIDS pandemic for all.

Please also join us at a reception to celebrate the Global Health Center of Central Asia's 10-year anniversary.

EVENT:

4:30 – 6:30 p.m.

ROOM C03

Social Work Building, CSSW
1255 Amsterdam Avenue, NYC
